Mike and John,

Our Kansas CCR permit program application was submitted to EPA yesterday via Federal Express. Hard copies were sent to Acting Administrator Wheeler and to Jim Gulliford in Region 7. As you requested, I am sending you an electronic copy. As I shared earlier with Mike, KDHE is available to discuss any aspect of our application as EPA performs its review. Questions or comments may come to me or Christine Mennicke, (785) 296-0724. We look forward to receiving feedback and ultimately EPA approval of our Kansas application.
